Marine Ice Machine Features

New Indigo® SpaceMaker™ puts the utilities connection through the top panel allowing the machine to come in contact with the back and side walls saving valuable space in the galley.

- Standard Indigo feature set with internal communication system that continually monitors refrigeration and sub-system controls 24/7.
- Front facing evaporator allows access to the Food zone for easy cleaning without removing the top lid.
- Isolation switch immediately cuts power to the entire unit.
- Completely sealed unit, top, front, back, top and sides.
- Meets USPHS and NSF specifications
- Top and Side panels designed to be removable even when fixed to the bulkhead, allowing easy access for servicing

Warranty

- 5-year parts-and-labor on evaporator.
- 5-year parts and 3-year labor on compressor.
- 3-year parts-and-labor on all other components.
