

FlexiCombi

Enjoy **Cooking!**

MKN marine version - USPHS version

Safety first!

Simply safe:

The special insert racks secure trays and GN containers in the cooking chamber.

Stability:

The stable flanged appliance feet prevent the FlexiCombi from sliding or tilting.

Reliability:

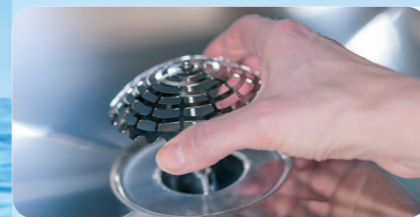

The door stays in the required position even in rough seas.

*IPX6 optional

BASIC MARINE VERSION*

Clean performance!

Easy to clean:

The drain filter meets the high standards of hygiene according to USPHS requirements.

Practical:

The drip tray is detachable and can be cleaned separately.

All-round protection:

USB port as robust marine version.

USPHS VERSION

inclusive basic marine version

Space saving design and safe:

The rear side of the FlexiCombi can be positioned directly against the wall.

Smooth finish: Side panels without visible screw connections.

Hygienic:

FlexiCombi 316 S 11 cooking chamber in premium MKN quality.

Enjoy Cooking!

MKN marine version - USPHS version

In daily use on the high seas - reliable and safe.
