# Your problems are ours business

**Precetti Inc.** located in Miami, Florida offers an extensive showroom of materials, furniture, finishes and equipment both for public and food & beverage areas. It offers a new level of a hands-on

experience for reviews and selections. Today the Group, recognized by an increasingly selective market as an international sector leader, employs more than 200 with turnover sales of 69 ml €

and utilizes 2 factories with a surface area of 20,000 sqm industrial premises, 15,000 of which sheltered.

# Production facilities & technical office

**Precetti** Vazzola (TV) - Via Cal Longa, 22 - Italy

2

**Precetti** also offers a mock-up studio that serves as a test platform in the conceptual and design phases of renovation projects. This brings the traditional interiors sample-board to a much higher level. It allows to physically experience the finished product and facilitates changes and adjustments in the design prior to completion of the actual project.

**Precetti** offers an equipment testing area to proof quality of performance. The Miami office with all of its resources, provides the industry with a tool for the proactive approach in achieving successful renovations and customer service.

## Restaurant & lido buffet

**Precetti Inc.** is committed to bringing renovations to a new and higher level in the industry, utilizing new technologies and a proactive approach to offer solutions and tools to achieve them.

This commitment continues beyond the renovation work itself in order to provide our clients with maintenance repairs, material replacement and spare parts.

4

This commitment is based on the total resources **Precetti Inc.** can engage for a cost effective and on time completion of the smallest to the largest of renovations projects.

- Cabin construction
- Wet space modular and custom made
- Public spaces design and material selections
- Specialty areas design
- Bar arrangement
- Specialty restaurant arrangement
- Pantry arrangement
- Balcony arrangement
- Special projects
- Bulkhead finishes and electrical convenience  
outlets interference review
- Ceiling review and selection including  
associated interference with HVAC vents,  
speakers, detectors and Pullman beds.

**Precetti Inc.** offers a complete service that starts with design, complete prefabrication and restyling at factory site, and turn key final installation anywhere in the world.

# Outdoor grill & pizzeria

8
