Baking container suitable for, for example, a 5-6 piece cake.

Item nr. 1340

Size 325 x 177 x 40 mm

Weight 425 g

Our baking containers are perfect for those who love to bake a lot and who desire perfect results every time. The containers do not shorten cooking time significantly compared to other containers on the market, but they do offer you a wonderfully golden crust and crispy underside on your pizza or your rich bread loaf.

After eating, when it is time to do the dishes, there is another surprise. All you need to get the container sparkling clean is lukewarm water and a plain scrubbing brush. If you're using a dishwasher, our tests show that you can halve washing time with an iPinium container compared to a regular professional container.

Of course you can use this container for frying as well.
